

Team Canada Polar Bears Ringette Tour
c/o 5678 Dalhousie Drive NW, Calgary, Alberta, T3A 1Y7

March 21, 2007

This summer the Polar Bears Ringette Tour will be traveling to the Czech Republic, Sweden and Finland to play in games against international opponents, to showcase the sport to countries that have not seen Ringette before, and to do skill development work with countries whose programs are in their infancy.

This year's program, our 6th annual, will include athletes from across the country, with many of them coming from the Calgary area. My teammates range in age from 15-25 and are involved in this venture because of their love of the sport. In order to prepare for this tour we will be training regularly, both on & off the ice, over the next few months.

The cost involved in wearing the Team Canada Polar Bears jersey in Europe is approximately \$4,500 for each athlete. This money is being raised through a variety of team and individual fundraising initiatives.

One of these fundraising activities will be a team auction set for April 21 at the Don Hartman Sportsplex in NE Calgary. Our team is asking if your company would be willing to donate an item to be auctioned. Other contributions have included gift certificates for restaurants, dinner theatres, golf green fees and stores as well as concert tickets, tickets to sporting events and articles of corporate clothing or gifts.

Your support is greatly appreciated. Please call me to arrange the collection of your donation or call our team manager, Lucie Anne Ingoldsby, at 286-6006.

Sincerely,
