Ringette Tour of Germany, Sweden, Finland, and the Czech Republic

Dear Friend of Ringette,

The 2009 Team Canada Polar Bears European Tour for ringette gives our athletes the rare opportunity to represent Canada in international play in a sport they love. These young women will compete in high-level exhibition and tournament play in the Czech Republic, Sweden and Finland. While playing in the Czech Challenge Cup in Prague, we will be introducing our sport to new players, coaches, and dignitaries from other countries – these athletes are our key salespeople for the sport of ringette! Family and friends will be joining and supporting us while on tour.

Our teams will travel to Germany, Sweden, Finland and the Czech Republic for the 8th annual European Ringette Tour – this year we have enough athletes participating to form 2 teams. Efforts are well underway to make the 2009 tournament in Prague bigger & better as we expect players from Finland, France, Sweden, Slovakia & the Czech Republic to participate. In addition, the first Ringette U19 World Championships will be held in Prague at the same time.

Athletes competing in Europe this summer are looking for your support by offering your business or service the opportunity to advertise in “The Azorcan Global Explorer” magazine. The majority of your advertising investment will directly assist these athletes in meeting their financial goals and realizing their dream of wearing a “Team Canada” jersey!

A rate sheet, with the cost of various ad sizes, is attached for your information. My name & contact information is also included on that page so please feel free to call me if you have any questions.

If you wish to consider a sponsorship to include advertising on our team's playing apparel, track suits or on our website, please contact the coach listed below.

On behalf of Team Canada Polar Bears Ringette, we would like to thank you for your consideration and hope that you can become an important part of "our team" by helping to make this unforgettable experience for young Canadian female athletes a reality!

Sincerely yours,

Bob Curran
